

PNANN Winter Conference

Join us for the winter virtual conference exclusive for members of the Pacific Northwest Association of Neonatal Nurses. The event features 2 live sessions and participants can earn up to 3 hours of CEs.

Exclusive Human Milk Diet in the NICU

Tuesday, December 1
9:00 – 10:00 AM PT

Learning Objectives:

- Create a rationale for the use of an exclusive human milk diet (EHMD) in a high-risk NICU population
- Analyze current outcomes in populations using an EHMD
- Understand the benefits of an EHMD beyond necrotizing enterocolitis

The program is approved for 1 contact hour and 1 CPE. The CDR activity number is 159259 under learning codes 6.1.2, 6.1.4, 6.1.6.

The Nutritional Cost of Feeding Intolerance

Tuesday, December 1
10:00 AM – 12:00 PM PT

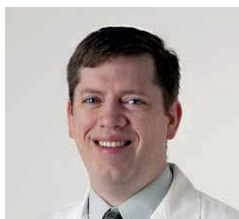

Learning Objectives:

- Understand the concept of “dysbiosis” as the potential etiology of feeding intolerance
- Review the role and use of human milk in reducing the incidence and frequency of feeding intolerance
- Identify the nutritional cost of feeding intolerance

The program is approved for 2 contact hours and 2 CPE. The CDR activity number is 159008 under learning codes 6.1.2, 6.1.4, 6.1.6.
